“ Aaron was a great guy and always had a great attitude. It has been my pleasure to work with him at Moore's, not one time did I ever dread it when his name or number popped up on my phone in the office. I will miss those calls when he would call to get a PO# for truck stock. During those times we had to talk about hunting or share pictures of deer we had seen or game we had killed. My prayers are with the family and I pray that God would comfort your hearts and grant you the peace that you need today and in the days ahead!

“ I can still picture you under the hood of the 67 helping Joe. Selfishness was never in your vocabulary. My family, coworkers, and I have lost a true friend. We did not have much time together, but it did not take long for us to become good friends. The world will never be the same with you gone. You have made an impact on so many people. I have the privilege to say you are my best friend and will never be forgotten. Rest In Piece Aaron. Dave.

“ Aaron was an amazingly mature man, happy every time I saw him. When he came to Moore's we knew real quick he was a STAR not because he had years of experience but because of his Can Do Attitude and the way he lived a Positive Upbeat Life. We will surely miss Aaron but we will never forget Aaron. I am confident he will be pleasing to God.

“ *I will be forever thankful for the time we spent together over the past couple of years. Although you are gone in person you will live on with us here at Moore's. For some they have lost an amazing co-worker, but for others myself included I lost a family member, a fishing buddy, and a friend that no matter the circumstance was always ready to lend a hand. Save some fish for me up their, RIP my brother!!*

“ *I got to know Aaron through working at Moore's and I am grateful for that. Know matter what mood I was in, he would always brighten my day when we spoke. Even the way he answered my phone calls every time (Miiiiisster Riley) is all it took. To be more like Aaron is something we should all aspire to be, he was one of a kind. Celebrate his life and bask in the memories of him.*

“ I had the pleasure of working with Aaron at Moore's. Aaron's performance at work was nothing short of exceptional. Everyone loved working with him and often requested him when they had a two man job to perform. He had a very unique personality. I never saw Aaron express anger or frustration with anyone. He was always calm, level headed, and smiling. He never spoke negatively or complained about any person or procedure. He did his job the absolute best way he could every day. He soaked up knowledge from other technicians like a sponge. He was constantly in growth mode to become a better technician and partner. Pure and simple, he was a great human being that will be greatly missed. The family should know that we are all praying for you. I am sure the grief feels unbearable at times. Trust in the Lord. He always has a plan, even when we can't understand it. I pray that something positive can come out of the heart ache of losing Aaron, and with God's help, I am sure it can.

“ i had the pleasure of being able to speak with Aaron on a daily basis several times a day, being his dispatcher. We talked about work, hunting, our trucks, everything. We were just joking about our birthdays being in January and how old we felt. Aaron was one of the hardest working men i have ever known. A lot of men his age do not have the same work ethics he had. Our last conversation Friday was how he was going to enjoy getting off early on a Friday. He always was kind and never spoke ill of anything. Always happy. He definitely will always have a special place in my heart. ”
