

## Agnes Pitton

September 15, 1960 - June 6, 2012

AGNES PITTON, beloved wife of Daniel and cherished daughter of Rizaldi and Cecilia Darmadi, born into this life September 15, 1960; entered eternal life on June 6, 2012, after a long battle with cancer. She is survived by her loving sister, Lucia. She married Daniel on June 1, 1985 in Jakarta, Indonesia and was as loving a wife as any man could hope for.

Her presence in this life was magical to all who knew her. Her smile was infectious and her personality was a light in the darkest room. She was created by God to inspire excellence and never contended for attention. She appreciated the human condition and shared her ability to empathize with all who suffer. She was loyal to her husband and her church and understood the role of faith and duty in the service of her country at FBI. We are diminished for her loss, but one can celebrate her life every time a bird sings.

Funeral services are at noon, June 8th at the Holy Trinity Catholic Church. Her final resting place is at Stonewall Memory Gardens, Manassas, Virginia.

“ Agnes will always be remembered for her smile, smart wit, and incredible work ethic at the FBI. I worked with Agnes for several years, and knew any request she handled would be done not only correctly, but always completed way before any due date. She kept us agents on our toes, “leading up” whenever she felt we needed some gentle guidance. God is surely happy to have such a wonderful soul amongst His ranks.

Agnes you are very missed, often thought of. Take care and we'll catch up and laugh one day.  
Big hugs.

“ I worked with Agnes at the FBI for 12 years and she was my closest friend there. I will miss her infectious laugh and smile and everything about her. She was like my sister. I can't believe I won't be emailing her daily to tell her everything. May she rest in peace. My sympathies to the family who also loved her as much as I did.

“ Agnes was a friend of mine at the FBI and I will forever be grateful to have known such a loving and giving person who had a heart of gold and a sweet sweet spirit. She will truly be missed and never forgotten. To the Pitton Family, hold on to the memories of your loved one and know that she is smiling down on you until you meet again.

“ I am a friend and former co-worker of Agnes and was very, very saddened to hear of her passing. I met her when she came to work in the Admin Services Divison of the FBI - She was such a delight! She was very passionate in speaking of anyone and everything. She had the joy of learning and giving. She would smile and laugh and you just had to smile right back at her. My sympathies to the family, I am sure her loving memories will also keep you smiling. God Bless.

“ I have fond memories of Agnes. I recall a time when she called Dan at work to ask him where the guns and ammo were in the house or something to that nature. Dan was perplexed, like huh, whaaat? Agnes went on to tell him that a deer had eaten all of her begonias and ruined her flower garden. She was going to send that deer to meet his maker. Dan and I couldn't help but laugh at the comedy of it all but that was Agnes, was passionate about everything she did or put effort into and took things she did to heart.. We talked her out of it of course, a simple water hose spray gun not a .357 would do the trick. To this I can't look at begonias without thinking and remembering Agnes. I shall truly miss her.

“ I only knew Ms. Agnes for a short time. However, once you meet a person like her you're not likely to forget. She was quiet, very knowlegable and friendly. She seem to enjoy her work and those she worked around. She was very helpful and encouraging to me. She will be missed and not forgotten.

“ Agnes is my one and only sibling . We spent a bunch of loving , cheerful , happy moments together during childhood till the end of her time . Being with her during her difficult moment towards the end, was the hardest time in my life. There is always be a missing part in my life since she's gone. She was a great sister ....

“ I remember very well working on the 6th floor of the FBI Washington Field Office 5 years ago. It was great work but very stressful. I remember that at that time Agnes was the FBI Criminal SAC Secretary and she did a phenomenal job. The thing I remember most about Agnes was the fact that she was so pleasant and funny! I always enjoyed talking with her and hearing her wonderful laugh. She always made people feel good. I was very sad to learn that Agnes had passed away. I know I miss her already.

*God Bless her.*

“ I was introduced to Agnes by a fellow co-worker and we went to lunch together occasionally until I left JEH two years ago. Agnes was truly a beautiful human being. I don't think that I ever heard one unkind word from her. She always seemed happy, upbeat and positive. I enjoyed her company and have thought of her often and was saddened to hear of her passing.
