“ Having known Alicia for only 6 short years, it was plain to see that she was the light of her family! I am happy that my daughter got to spend time with her great grandmother, captured on film, so we can share the stories of "buela" with her as she grows up. If she were still with us today, I would thank Alicia for German. I am grateful to her for raising him to be a wonderful, giving, passionate man that puts his family before himself- ALWAYS! She gave him a heart of gold, something every mother wants to provide to their children. She must have been so proud of him for being a doting son, incredible role model for his kids (and kids-in-law) and for being the best Tito there is! Its comforting to know that everyone who loved her will carry her spirit with them until the end of time.

“ To my Abuela she was the *BEST* and the kindest person I ever met. My abuela always had great stuff for us to do with her when we came to visit. We played a lot and had many different activities she made fun. When she died it was the saddest day ever of my life and hurt so bad. I have never lost someone I cared about so much, she was so old but so *STRONG, LOVING* and *CARING* for everyone. I will always remember all the times we had with our sweet Abuela. I will miss her forever but have all the memories my sister and I have with her and with my family and her. I know she is no longer here, but know she is watching over us in heaven and one day we will be with her once again in heaven. Love you always Abuela, From your loving great grandson Jaden Rodriguez-Johnson

“ I love you Abuela you are so nice and kind, I am trying to be strong because I know you are in a better place now. I am so lucky to have you as my great grandma. I will always remember you in my heart always. You were so fun and always made sure when we stayed with you, that you kept us busy with many activities and feed us. I remember when we use to take walks with you around the neighborhood, go with you to the park, the indoor pool, going golfing and you saying to use your cane because we had no putt. It was fun. Playing checkers, playing board games, cards and jump rope and you teaching me to draw like you. I love you so much Abuela and will miss you alot. Your great granddaughter, Natalya Rodriguez-Johnson

“ To my Mami Alicia,

She was an angel, one of those human beings who lived by her word. My Mami was wise and you could always see the truth in her eyes, even when Mami was upset she was gentle. I never heard her say a bad thing about anyone. How did I get so lucky to have a mother like her! I am forever grateful to her for inspiring me even now when; I know she is in Heaven. Her essence is with me in everything I do. I will miss you my beautiful roommate daily, I'm so lonely without you. The only thing I know that keeps me going is knowing I will see you again soon. You raised five WONDERFUL children, we are all so proud of you, you have taught us so much and you never gave up in anything, everything you put your mind to you always accomplished. I don't know how I will go on without you. I will miss you every day and have many good memories in my heart and to share about you to my grand kids and my daughters. I LOVE YOU FOREVER su hija Gladys Jeannette Pena.

“ On June 19th we lost the Matriarch of our family, my Abuelita. She was the glue that kept us together and was always so positive. She was the one who prayed for everyone and spoke to us about God. She wouldn't want us to be sad but to be happy she is in Heaven with my Abuelo and all her loved ones she lost along the way. God had a special plan for my, Abuela. I think He knew that Heaven couldn't ever really be Heaven without her.

The greatest reward in my life is knowing her. Nothing in the world could ever replace one second of the time I got to spend with her. I close my eyes and see an angel, She was an angel long before today and will always be my Angelita en el cielo. Te amo Abuela para siempre.

To my Abuelita, please watch over all of us but if I can ask for one more thing, it's that you please watch over my Mom. She's the best Mom anyone could ask for. She gave up so much to care for you in your last days with us, and she needs you now more than ever. Please stay in her heart and give her some of the strength you had. I love you so much and will see you again, soon. You will forever be missed.

And thank you to my Mom for being our Abuela's care giver. It's because of you our Abuela got to live to the age of 88 years old. Thank you, Mami. You truly are the best, I love you!

Love you always and forever,

“ Dear Mami ,

You grew up in a male oriented era. However, somehow you were ahead of your time. You insisted that your three sons learned how to clean the house, do laundry, press cloths, cook, and even mend their cloths. You were there when I pressed my first shirt and when I thread my first needle. You were there to pick me up whenever I was down. As a child, I didn't always appreciate what you were trying to teach me, but as a man, I 'm very regretful that you had the foresight and the patience to raise good kind and moral human beings. If i can be half the parent you were, I know I would be doing an exceptional job.

Thank you mom for your wisdom and your love. You were the rock of the family. You didn't just talk about living a good Christian life; you lived your life as you preached it. Your life was full of dignity, love, and compassion. Those lessons will not be forgotten. You didn't enjoy great wealth, but you enriched the lives of all those around you. The world was a better place with you in it. We will forever miss you and love you.

I just noticed a typo...

I 'm very grateful (not regretful) that you had the foresight and the patience to raise good kind and moral human beings.
