“ Will always cherish the love we shared before bisexuality was ok.

“ I had a gift card to shapes 19 years ago and was booked with Allan. I never went to anyone else for 19 years. Allan became a friend and we caught up every visit on his daughters (who he was so proud of), his golf, my job, politics and my husband's latest news. I got updates on his grand pups too. I was shocked and saddened when I received the news and will miss his sense of humor and stories. He was a good soul and I know he is golfing full time looking down on us all smiling.

“ Allan & I went to Champion Academy together. I first started to get to know him when I came on the weekends to see my sister. He was always making us laugh. We shared a love of the Beatles & their songs. My heart & love go to the surviving members of the family. The grief journey can be a hard process. My love to all.

“ Al and I had so many good times in the 40 years that we knew each other that it's hard to pick out one but I would have to say that he gained my utmost respect when he and I were in SD in Brett's final days. His care and love for his family shone through in everything he did. He will be missed and I send my deepest sympathy to his daughters and family. Love to you all!

“ I became acquainted with Allan in high school at Champion Academy in Loveland, CO. It took me awhile to develop a close friendship with Allan, but once I did I benefited from his high-spiritedness and enjoyable sense of humor. I haven't seen Allan since we were teenagers, but was so saddened to learn of his untimely passing. God bless his survivors. With deepest sympathy. Kent Campbell
