

Amber Greene McNabb

September 27, 1980 - October 15, 2018

“ *I wanted to express to Amber's family and friends my very deepest condolences. I worked with Amber at Jacobs Engineering in Houston. She was always so kind to me. She was a very hard worker and I feel like I went to law school with her since I have a niece that was in the same law school at the same time. She was an angel already in my eyes. She was friendly but firm. Amber could give the biggest man a good talking to and smile the whole time she was doing it. She was a good friend to me and I loved her very much!*

“ I worked with Amber at Jacobs Engineering for years but I’m sorry to say it was just the last couple of years that I got to know her. She started out as an administrator, worked her way into the cost group, meanwhile going to college to become an attorney. She was very dedicated to her work and never settled for anything less than perfection. She was a shining star, both at work and at home. The world has lost a very special person. My deepest condolences to her family and friends. Renee Messer

I worked with Amber at Jacob's Engineering in Houston, and got to know Amber well. She was such an awesome person. I just found out a few minutes ago about her passing, and I am just in such disbelief. This world has lost a really great individual. My thoughts and prayers go out to her family. Know that Amber was loved and respected here in Houston by all that really got to know her. RIP Amber, you will be so missed in this world. I know you will soar with the Angel's in Heaven, just like you soared here on earth.

“ If there ever was a cost engineer at Jacobs Engineering Group in Houston, Texas that was as diligent, precise, investigative, TOUGH, strong, and as persuasive as we girls from the old days, when there were no women in engineering, Amber was it. She was a role model for many today who can't replicate those intangible qualities.

She will be missed by not only her closest friends, but those who admired distantly for her tenacity for life and her drive to do well. These are rare professional qualities that went unrewarded and unrecognized, yet Amber had the character and integrity to do well despite that. I am honored to have known her and to have worked with her. I hope others at Jacobs will contribute what they know about this awesome girl....

And for those today who only just found out, our tears go out to her family. So many are mourning her death.... She will continue to be missed by many who hold fond memories of her laughter, her intelligence, and her ability to get things done.... She was an asset to any project.

WELL DONE AMBER! I will always be proud of you. How I wish I could have said it sooner.

“ I was Amber's sister's best friend, so I grew up hanging out at their house a lot. One of the things we always knew would happen on the weekends, was that their dad would wake us up by BLASTING "It's a Beautiful Morning" on the stereo. I remember Amber being the voice of reason in many situations. She was always so strong and mature for her age. I was impressed at her accomplishments later on, as she grew into the woman that she became. Her love story with Shaun is that of a fairytale. I know she will look down on and protect him and their children forever. My deepest condolences to the McNabb and Greene families!

“ My deepest condolences towards Amber's family and closest friends. I met Amber through my aunt, Yvonne. They were the best of friends. My family always enjoyed her presence at our gatherings. She quickly became family to us. She was the definition of a great friend. She was always caring and thoughtful towards others, yet, one tough individual. There was nothing she wasn't capable of achieving! We will miss her deeply.

Many prayers for all who loved her.
