“ I first met Tony while staging a small condo in Centerville where he was installing a kitchen. I had my own small renovation business and was looking for a nice reliable contractor to sub-contract with and there he was. He called me "boss" and always showed me, a middle aged woman, the utmost respect and consideration. I never realized how young he was back then. Such a go getter. My husband and I became good friends with Tony over the years and we are so very saddened by his passing. He was truly one of the good guys, taken from us far too soon. Our deepest condolences to Tony's family.

“ We've known Tony for the past 24 or so years and are honored to say we became good friends with him and Karen and Ben. Tony gave our son his first real job and they too became good friends. Tony was so good to our family. He impressed us the first time we met him....so polite, thoughtful and funny. We will miss his smile and his friendship. His passing was too soon.

“ I am such shock at this super sad news. I haven't been in touch with Tony for a few years, but my husband I were talking about him just last week as he had heard through a shared customer that he was sick. We had planned to get in touch for a catch up, and now so sad to see it is too late for that.

Tony built our outdoor porch back in 2005 and it was then I realized just how funny he was. He would rib me about my British roots, ask me about "crumpets" which he found highly amusing, and I would laugh about progress as we shared tea. My kids adored him when he came around, as he would be silly with them. Later he built our gazebo and we enjoyed many summers in the shade, and then finally our basement. He would come around with his cheerful self, make us laugh do a great job and was so easy to talk to. His team always seemed to love working for him too. I am sure his disposition was a big part of it. My husband and I are so saddened to hear of his passing. My heart goes out to all the family as his cheerful soul leaves us and hopefully brings as much joy and light in heaven as he did on earth. Rest in Peace Tony. I am sorry I didn't get to share some last chuckles with you before you left us x
