“ My sincerest condolences to Ashley's family. She was a great person and a wonderful friend. She was my best friend in college and she will always be in my heart. I will certainly never forget that she drove me to the hospital at 5 AM and sat with me while I was sick. She deserved to live so much more. Im sorry I will be unable to attend the services but you will all be in my thoughts.

“ Ashley no words could possibly express the loss we all feel from your sudden and unexplained death. You meant so much to the people your life touch! Juli and I will miss you as will Gracie, our German Shepherd. You're the only one we trusted to care for her. Your bright and beautiful life taken away so early is the ultimate tragedy. Our hearts and thoughts go out to your family and friends whose lives were enriched by knowing your loving spirit.

“ Hello Everyone.

As we comprehend this profound loss, let yourself cry knowing each tear is a note of love rising to the heavens.....

and perhaps they are not the Stars, but rather openings in Heaven where the love our lost one pours through and shines down upon us to let us know that she is happy.
