“ This is a very sad day. I have known the Pearsons since i was a teen and spent alot of time in their home with Tammie. Mom Pearson was a sweet, warm, loving woman who treated me like a daughter. After all these years i can still hear her giving Tammie and i a long list of safety advice followed by "You girls be careful tonight" as we would go out the door. Sometimes we would walk over to the Sandwich Factory after school and you could see the happiness in her face when we came in. She took great pride in her family...her only concern was their happiness and security. I will never forget her kindness and the big hug she always gave me whenever i saw her. My heart goes out to everyone in the Pearson family, they have my love and prayers. The terrible disease that affected her last years no longer has a hold...she is with Dad Pearson and other loved ones in the arms of God.

“ I have known the Pearson family since my teens. Mom Pearson was truly a very loving, caring & warm person. One of the fond memories I have is the first "camping" trip I ever went on. Dad & Mom Pearson invited me to join Tammie & Donna's son Bobby on thier vacation 30 years ago. They took us to Monroe Bay Campground in Colonial Beach, VA, with a tow behind pop up camper. It was a wonderful time. I now frequent Colonial Beach & every time I see the campground from across the water I think of Mom & Dad Pearson and that long ago vacation & have very warm, wonderful thoughts & memories. I also spent alot of time in their home & always enjoyed being there. Even as years passed on and Tammie & I went down our lives paths, Mom Pearson would often see my mother in the grocery store and always ask about me & would send her love. I hope the family finds peace & comfort now during this difficult time just a few years after the passing of Dad Pearson. You all have my most heartfelt sympathy.

“ Mom  
I will always miss you but now I must let you go.  
In my broken heart I will always keep you so.  
We shared a special night before you died, that helped me dry the tears that I have cried.  
You healed me from the heavens above, I can't see you now but I will always feel your love.  
Sleep now dear mom and rest in peace,  
your baby girl is now more at ease.  
I love you mom! Kiss Daddy for me!

“ To Audrey,

*My second mom for many years when I lived far away from my mom. I am not sure why your youngest daughter ever gave me the time of day but I thank you for welcoming me into your family and giving your approval for her to be my wife. Thank you for all the years of cuttin up and laughing around the table while eating crabs. I know Pete is there, wearing his favorite ball cap waiting for you in heaven. We will always love you and will miss you very much but we are comforted knowing that you are freed from this terrible disease and you are with loved ones.*

“ Hi Memaw,

*You are someone very special to me. You were an example of the kind of woman I wanted to be. You were invincible and always held your head high. You always had a smile on your face. You were a very caring and loving person. Always waiting for us after a long trip to Virginia some nights as late as midnight to one in the morning and even after being up so late you were always up to cook a feast for breakfast. You never forgot a birthday and you gave the best back rubs :) To me you were super woman. I love you so much and will miss you every day of my life. I am so sorry I can't be there to say see you later and it's killing me inside but I'll see you again one day. Tell granddaddy I love and miss him and tell papa the same. I will love you always.*

“ *Our thoughts and prayers are with you during this time of sorrow. May your hearts know she is in a better place and suffers no more. As time moves forward, may you smile and find peace with the little reminders of her that seemingly appear out of no where.*
