“ Dear Bill and Jimmy,

*Words are inadequate to express our sorrow at your loss. Becky's personality was bigger than life. I cannot remember a single encounter with her where she didn't make me laugh at least once and usually multiple times. She was so full of joy and her love for the two of you shone through.*

*You are constantly in our thoughts.*

“ I was so shocked to hear of Becky's passing. I met her at a wedding network function when I first started in the wedding business and we hit it off right away. She became my mentor and friend, helping me out numerous times.

*she was so full of life and laughter! We were roommates at several networking functions that were out of state and would spend most of the time cracking up about everything around us!*

*She coordinated both of my children's weddings.*

*My sincere sympathy to Bill, Jimmy and the rest of her family. May God comfort you in this difficult time.*

“ I am deeply saddened at Becky's passing and wanted to express my deep condolences to her family. I knew Becky in college through ROTC. I remember her as a very funny and warm person who could always make me laugh....sometimes in the middle of class she would lean over and crack a joke, making me laugh out loud. I also remember at the end of my senior year I was in the college infirmary with a case of the chicken pox. While resting I heard voices outside my window, leaving the bed I walked over to the window and looked out and there was Becky and her roommate several feet below, both of whom traveled down from Grove City just to see how I was feeling. How she figured out which window was mine I will never know! Years later I still fondly remember that small act of kindness.
