“ *My husband David and Bob were the best of neighbors and friends on McKenzie Circle for years and now they both have entered into eternal rest. Their friendship and respect for each other goes without saying. I have prepared quite a few meals and a few cakes for him after the passing of his wife. I or my hubby David could call him anytime and say come on down and get a plate and he would. He was more than just a neighbor and friend and more like a family member. He and David would talk a lot about how the neighborhood just wasn't the same anymore and how they both miss the early days.....as a husband to his wife and family you could always count on everything being in order. He was a provider for his family. He will truly be missed. Thanks for our journey together as neighbors Bob..... RIP*
