“ I have so many memories of you and your family. You will always live through the memories we made together. Our memories started in middle school when we meet. I remember all the sleep overs we had and picking on Shane and his friends. We had a blast when we turned 21. We loved to go dancing, laughing and having a good time. I'll never forget when we went on a 2 day trip to Kingsdominion. I definitely won't forget the parties we had when my parents were on vacation and they came home early. We were at the tattoo shop and I got a call for my parents saying they were home. Let just say we had a mess to clean up.. Lol.. These are just some of the memories we had. I'm still in shock about your passing. We had conversation just a couple weeks ago. I guess we never really now what's gonna happen. You will always be alive in my heart and my mind. RIP BETTY. YOUR GONE BUT NEVER FORGOTTEN. You are missed deeply

“ I have so many memories its hard to pick one BJ was my first best friend. I remember this closet we use to play in at someones apartment. Spending lots of summers with her laughing talking. I remember some crazy times too when we were older. She would come over and say sissy will you make some fried green tomatoes and some beans and weenies. After I had kids things changed but we always said I love you at the end of every phone call, when we were parting after seeing each other. She will forever be remembered and loved by me.
