“ I was sadden to hear of BrendaJo's passing; when she was waiting for a meeting w/Max Coppes she and I would talk about her shopping on QVC, and our battle with losing weight. She was such a positive and energized person, I have missed her since she left Children's and thought of her often. May the Peace and Blessings of Christ be with the family at this time. Brenda Jo, it was a pleasure to work with you -- Rest in Peace.

“ I am a nurse and worked at Inova with Brenda Jo; when she was leaving there, she said to me one day in the cafeteria, "Karen, you should really think about Children's, it seems like a great place to work." And about a year later I came. I always felt Brenda Jo was a straight shooter and I always appreciated that. We shared many shuttle conversations about her trips to Vegas. Be at peace.

“ Brenda Jo is one of those people that you meet and immediately can sense what a great and caring person she is. I met Brenda Jo through our Pediatric Director of Pharmacy network and struck up an immediate friendship. She was such a positive and caring person. I loved our chats about reading books and finding new authors to read and enjoy. I will greatly miss her. My thoughts and prayers are with her family.

“ Brenda Jo always had a smile on her face and was one of those colleagues that would always be willing to share her knowledge with you. On numerous occasions, I would call her for an honest and open opinion and would always get the very best information from her. Will miss her

“ I have fond memories of Dr. Simmons advocating for what was best for the safe storage and management of vaccines in the Goldberg Center. She has been truly missed! May God comfort you family and friends...give you beauty for the ashes...the oil of joy for mourning...and the garment of praise for a spirit of heaviness (Isaiah 61:3).

Prayerfully yours,
