When I must Leave You

When I must leave you for a little while,
Please do not grieve and shed wild tears
And to hug your sorrow
To you through the years
But start out bravely
With a gallant smile
And for my sake and in my name
Live on and do all the things the same
Feed not your loneliness on empty days
But fill each waking hour in useful ways
Reach out your hand in comfort and in cheer
And I in turn will comfort you
And hold you near

And never, never be afraid to die
For I am waiting for you in the sky

Memories popped up in my head these last few days and they made me smirk and laugh. I'm glad I can cherish those. See you again friend. It's never goodbye*
