“ I met Candy which seems like yesterday but it was almost 8 years ago at work. She always searched for new ways to do things at work and was always very helpful to me. She always tried to stay ahead of any training and always offered her professional advice. She will be missed by everyone.

“ Candy,

You are really going to be missed. I think about all of the fun things we did when we were younger. I still have our little book of poetry we wrote sitting on the swing in front of the lake at Aunt Hazels. You would come here during the summer or I would come down there. In a way we were like sisters, we got along for the most part but we also had our little spats. But I guess not only God needed you, but so did everyone who passed before you. Grandma especially needed to see the end of your suffering. So 9 years later to the day you went to be with her to help watch over all of us, she needed the help because there are so many.

*Until we meet again,
Love your Aunt Cindy*

“*candice, you will always be remembered as a generous, kind, and sincere friend who made my work-day with the TSA Office of Security Technology a freindly-welcoming place. Your readiness to help me manager the division by being discipline and supportive of all the staff, to help host so many of our birthday parties and luncheons, made you the emotional heart of the our division. May you enjoy eternal rest and the love our Lord and Saviour Jesus Christ. To your family I extend my condolences.*
