He was a highly respected professional in the energy field. Cecil was a member of the Association of

He was always willing to share these ideas and was requested to do so at many energy conferences. Cecil was certified in many energy fields. During his career he was recognized as Energy Manager of the Year and received letters of commendation from the Army and the mayor of Huntsville, Al. Sadly his work career was cut short by the complications of diabetes. Cecil will be missed personally as well as in the energy field.

He enjoyed talking about his grandkids, going on trips with his wife and a good meal. Most importantly, Cecil accepted Christ as his Lord and Savior as a teen. During the last years of his life he enjoyed talking about Jesus with others. We are very thankful that he is now with his Lord.
