“ I had the privilege of working with Charlie at IBM for a short time several years before becoming reacquainted with him in what was, by marriage, a mutual extended family. I think he enjoyed, as did I, our reminiscing about old times at IBM and our subsequent life experiences and observations.

My thoughts and prayers are with his family and friends during this very difficult time as he will be sorely missed. May he rest in piece.

“ I worked with Charlie for many years at IBM. He had a great sense of humor - particularly when I gave him a hard time about his tractors. He always talked about his family with great pride. He will be missed. You have my deepest sympathy.
