“ *My memories of Charlie were mainly from seeing him at the stockyard in Nokesville on Saturdays. He was ALWAYS jolly, happy, and cheerful. A pleasure to see and be with. He will surely be missed*

“ *As we gather to lay our dear Uncle and friend to rest, may we be thankful for all the good times shared as a family. We will remember and miss all the times laughing and breaking bread together at his table. It has been my home away from home for 59 years, and my life, as well as many other lives, will never be the same after his passing. He made it clear he was ready to meet God, and said he loved us so. I loved him so much, and am happy for this opportunity to say it once again. His flight to heaven will surely be a quick journey. Always, Toni Shannon*

“ *Staying on the farm for a week every summer is my favorite memory of being a kid. Uncle Bert and Grandma and Uncle Sterling and Aunt Mable made me feel so special. The days I got to go with Uncle Bert to the auction and he bought me that unbelievable fat, juicy piece of apple pie and let me tag along while he talked to all the people he knew were very special. I'll never forget the warmth, understanding and love, not to mention the smells, that always awaited me on the farm. Thank you Uncle Bert, and I love you, and you'll be missed but always remembered. “ *When I was a child, Uncle Bert had a special place in a dining room sideboard where he harbored a stash of Reeses Peanut Butter Cups and short-bottled Coca-Colas. It was a lucky occasion when he shared, and twice cherished because he didn't do it often. He drove me on his tractor out to a pear tree on the farm a few decades passed, and the ground was littered with juicy green pears. We sat there for a long while, eating pears with juice running down our arms, having a chuckle, and that is how I will remember Bert. I loved you a great deal, Uncle Bert, and the world will not be quite as much fun without you. Linda*

“ *We nieces and nephews were fortunate to have known such a hard-working and interesting man. He laughed too. He seemingly farmed everything in his years. He handled horse teams before the family had a tractor. When I was first born and dad was Armying overseas in 1953, he carried the wood upstairs for the fire (in the old house) to heat my mother's room. The farm where he lived until he died is iconic for us, and he was integral in making it. And he could rub your arm hair into tangled little balls.*
