“ *Sitting here thinking of you again as I have so many times since you've passed and I want more than anything to be able to wrap my arms around you and tell you how much you were loved and how much I cherished our time together and will never have another friend quite like you bc you were truly one of a kind. It's hard not being able to talk to you and see how you are doing and when I would get to see you again. I've kept in touch with your mom and she's hurting so bad so make sure you keep an extra eye on her from above and let her feel your spirit comforting her cause she needs it. My beautiful friend, I will always keep you close to my heart and never far from my mind. I love you chica*

“ *I'll never forget the years of great memories we've shared and all the joy you brought to my life. We always said that god puts people in our lives for a reason and I'm so unbelievably grateful that he put you in mine even if it wasn't nearly long enough I will still treasure what time we did have together. Until we meet again I will always have you with me in my heart.*
