

Coby Finston

May 11, 1981 - March 1, 2022

Coby Finston was called home to the Lord on March 1, 2022. He passed away unexpectedly, but peacefully, at his residence in Arlington, Virginia. Coby is survived by his mother and father, Kim and Rich Finston, and three older sisters.

Coby was born May 11, 1981, in Torrance, California. Growing up he played on both youth baseball and basketball travelling teams, but his real passion was computers. From an early age, Coby spent countless hours learning computer programs and exploring the virtual world. His acquired knowledge led to a proficiency that would make him a magnet to his friends as the go-to-guy to fix and enhance their laptops and other devices.

Coby had a multi-faceted career working for cab companies, grocery and chain stores, food trucks, movie theaters, and assorted fast-food restaurants. He is remembered by all as an unselfish good friend who would give you the shirt off his back. If you choose, remembrances may be sent to Arlington Thrive (www.arlingtonthrive.org) in Coby's name.

Tribute Wall

“ Coby i'm already missing our geek out nerd talks about computer parts. I always think about you when I'm out shopping for new tech. Rest well by the way you shirt don't do this!!!!!!

“ Hello Finston Family,

My name is Mike, I am a very old friend of Coby. I met him right after he moved from California to Fairfax Va. I was part of the old Hampton Chase gang and we used to play football at the park and hangout at the pool in the neighborhood back in the early 90's. Coby was and is still the tallest kid I have ever seen lol. It's been well over 25 years maybe more since I have seen or spoken to him. About two months ago in July not sure how or why his name popped into my head at work. I did a search on him and was saddened to hear of his passing. Your family and Coby have since been in my prayers. Two weeks ago I had a vivid dream about Coby. We were playing football, laughing, and talking like old times. He had that big smile on his face like always. I had an overwhelming sense of peace and happiness when I woke up that morning. I know my prayers have been answered and that he is in a much better place! I just felt like Coby wanted me to write you this letter to express that he is fine and is very much still with us. I hope this letter finds you and brings you peace.

With loving thoughts,

Mike S.

AM

Hello Mike,

Thank you so very much for your message. Those early years in Hampton Chase were such fun. Coby loved spending time with your family-- we all did. ❤️

*Hugs and gratitude!
Amy*
