John and family, I was so devastated to hear of your loss. My prayers and thoughts are with you at this unbearable difficult time.

I will always hold the memory of John's face when he spoke of his children. His face lit up when he shared the latest accomplishment or conversation, decision about college and the like. That will always make my heart smile.

God sometimes has plans that are very difficult to wrap our heads around and this falls into that category. But as talented and loved that Cora is, I am sure that God just needed additional help getting us through these trying times in society.

My God wrap his loving arms around you and help you through.
