“Curt and Judy Pearson were very dear to me. We enjoyed spending time with them, and Roger and Kenneth many times, in their home and ours, while they lived in Huntsville, then also in Manassas VA. Just thinking about their great faith has always been an encouragement and inspiration to me. When we were much younger we visited their family, and drove into DC at least 4 (maybe 5) days in a row, and walked to see all the sights in the Mall area - the Capital, the Smithsonian, and so many other things. We met in Williamsburg once and enjoyed several days together there. One thing I remember, that made me feel so bad - one day when Roger and Ken were probably pre-school age, they were riding around and around on their tricycles in our carport, while Judy and I talked and watched. It was very difficult to talk because the tricycles made constant screeching sounds. After awhile, I finally went and got an oil can, and oiled their wheels. I thought everyone would be so happy, but the boys were obviously NOT happy. Judy explained that they loved the noise the tricycles made. I'm so sorry Roger - can you forgive me? I love you dearly, and am so glad that Sam made it to be with you today. All of you will always be in my heart, and I'm looking forward to the day we can sit and talk again in Heaven. “I came to know both Judy and Curtiss while I was a member of Woodbridge Church of the Nazarene in Woodbridge VA. They are dear to my heart now as they were then. I have moved away from the area, but I will never forget how they shared the love of God and their faith with me. Prayers and condolences are alive for their family and friends.
