“ *I lost my big sister & my heart is broken, but I know that God will give us comfort in knowing she is at peace. When my twin & I were young Darlene would always surprise us with lipstick samples & matching purses so we could be grown up just like her. When she met Lee, we thought he was a movie star & we would pray that she would marry him, and that she did! Thank you Lee for giving Dodi a beautiful life, children and family. May God keep all of you in His care & bless each & everyone of you. I will miss my phone calls to my sister.*

“ Oh Aunt Dodi you will be missed. I smile every time I think of you. You had such a zest for life and brought a smile to who ever you met. I will never forget the care you took of me when I was a teenager. You and Uncle Lee helped save my life. May you rest well in your mother's arms.

“ We were blessed to have Dodi and Lee as our neighbors since moving to the Regency. They were the first people we met and from that time on our friendship grew. We broke bread together at many meals, both in our homes and at surrounding restaurants. We travelled to Ireland together and even watched our beloved Washington Redskins together, too often having to console each other. Dodi was true friend and an amazing lady. It was our honor to know and love her and we miss her greatly. Our hearts and prayers go out to the entire Myers family and of course to Lee. God Bless.

“ So hard to believe that Aunt Dodi is gone. She was always such an energetic, inspirational woman. She seemed to truly embrace life. My thoughts are with you, Lee, and my cousins, and also with my Dad & the rest of Dodi's brothers & sisters. Take comfort in knowing she is at peace. Love from us all: Kristi, Doug, Nicole & Lisa

“ Since last Friday when word came that Dodi had passed on, people all around the Regency community have been saying, "What are we going to do without Dodi?" We're not sure yet what the answer is, but it's becoming more clear every hour that we should pose our own question when we're in need of encouragement or insight or fun or happiness: "What would Dodi do?" She was the total human being, vibrant and beautiful and satisfied that she knew, or could figure out, what the world needs now. She was the perfect partner for Lee, as he was for her, and together they leave us much to cherish. See you later, Dodi.
