

David Allen Good

July 10, 1964 - February 20, 2024

It comes with great sadness to announce that David Allen Good passed away February 20, 2024. He passed peacefully at his home in Bumpass, VA. He was born in Alexandria VA, 7/10/1964 and grew up in Manassas, VA and surrounding Northern Virginia areas.

He was a devoted and loving father to Shana and Daniel Good. He was “Pap-Pap” to his two precious grandchildren, Suhailah and Sebastian. He is survived by his 4 siblings, Diana Goodman, Dennis Good, Dawn Good, and Debbie Hopkins. He has many cousins, nieces and nephews and a plethora of friends who loved him dearly.

It was during his childhood years that he fell in love with the game of football. He played throughout high school and for some years afterward for a local league. A die-hard Redskin’s fan. He graduated from Manassas Park high school and started working immediately out of high school as he took great pride in family and work ethic. He worked many years as an outside sales rep for a company called Colliflower where he was number one in his territory for some time.

He loved animals, nature, feeding the birds, and the chipmunk he named “Alvin” with his grandson, Sebastian. He loved to travel and loved the water and tropical islands as well as gardening and cooking. A movie connoisseur

and history buff. He had an amazing sense of humor and loved to make other's laugh. A man of honesty, integrity and honor. He was great with people and a true ladie's man, even in the time of poor health.

Services will be held March 9, 2024 6PM at Pierce Funeral Home. His ultimate wish was for a celebration of life ceremony which we will be honoring at a later date.

His departure comes as a great shock and deep wound and it is gravely felt by his entire family and countless others who loved him and who's lives he's touched. The family deeply appreciates your support during these difficult times.

In lieu of flowers, please consider making a charitable donation to a foundation for those suffering from depression or mental health issues.
