“ I was hired into Dave’s team out of college in 1994. Both Hokies, we instantly connected. He was kind to me, and was quick to make me feel welcome. We worked together for a couple of years and when I moved to another company, we would bump into each other at Tech games...he was always smiling and it felt like we had seen each other every day...it was just easy to like Dave, and be liked by him. Great man, great friend. Blessings and strength to his wife and children. Chris Freedlander

“ I worked with Dave since he first started in that oddly decored office in Falls Church (maroon and orange!?) Sharp, upbeat and always willing to pitch in to make others and the team successful - he will be missed. Our deepest condolences to his family.

“ I met Dave shortly after GDIT purchased CSC at work. We bonded over our love for VT and he would tell me all about his RV adventures. He was a wonderful colleague but a truly amazing person. He will be missed. Thoughts and prayers for his wife and family at this difficult time.

“ I offer my deepest sympathy to Dave's family. Dave was a true friend and a wonderful colleague that I was fortunate to have worked with for many years. Hard working and always able to deal with deadlines and tense situations with a smile. He took his job very seriously but not himself. We bonded over Virginia Tech football and other sports. I was able to visit his tailgate parties many times and he likewise visited mine. He will be missed by so many.

“ Dave was a great colleague of many years at CSC. Dave was talented, hard-working, a problem solver and just a great individual to be around. His talents were such that he was put on special assignments to help me in another operating unit and at the corporate office in El Segundo, CA. My deepest condolences to the family.

“ *I worked with Dave for a number of years at CSC. He was always the essence of "calm" when faced with a CSC operational crisis. I really respected that in him. I enjoyed all of my interactions with Dave and know we have lost one of the really "Good Ones".*

“ I can remember Dave's first day at CSC back in the early 90's. He was introduced to me by Gary Sensenig as a new graduate from Va Tech, and I've known him ever since. Dave was as kind as the day is long, and that picture of him absolutely captures his warm, friendly smile. Dave was a great co-worker and friend, and I will miss him greatly.

Our family shared many memories with Dave and his family, especially at Christmas, and all through the VA Tech years. We will miss the fun but cherish the family memories.

“ I worked with Dave for many years at CSC. You could not have asked for a better colleague. Not only was he smart and proficient at everything he did but he was always positive and optimistic no matter the circumstance. He was always willing to help others solve a problem and worked many overtime hours when it was required. My heart goes out to Dave's family and close friends at this very sad time. He will be missed by all who knew and associated with him.

“ I've known Dave for about 6 years from work. You'd never find him without some VT apparel or a big smile on his face. We bonded instantly over several things, but notable our love for Jeeps and messing with them. I would constantly go to Dave with something I messed up on and ask for his advice. He seemed to always have the answer. To Dave's family, our hearts are with you and please know Dave was loved so much by his work family as well!
