It is with great sadness that we announce the passing of David A. Quinn, Jr., 63 on November 13, 2025. David was born in Harrisburg, Pennsylvania and grew up in Alexandria, Virginia. He loved building Lego's with Ryan and playing in the sand with Caroline. He loved spending time with Rachel and the kids just sitting on the couch watching movies, and many family vacations.

David graduated from DePaul University, and he worked for Amazon Web services as a Senior Engagement Manager.

He is preceded in death by his parents, David A. Quinn, Sr, and Wanda Quinn.

He is survived by his wife Rachel Quinn and his children, Caroline and Ryan. His sister Kathy Quinn, and nephews Sasha and Jacob Quinn, sister Karen Quinn (Charlie) niece Tate and nephew Chase, sister Carol Quinn McQuillan (Mike) and nieces Abby, Riley, Caileigh and Lily, brother Ed Quinn (Mary) and nephews Matthew and Thomas and niece Keira, brother Kevin Quinn (Zara), brother Patrick Quinn (Lisa) and nephews Sean and Andrew and niece Isabella, brother Brian Quinn (Angie) and niece Aubrey.

“ I was working with Carol as a camp counselor at Browne Academy when I met the Quinn Family around the time David moved back. I remember when Carol & Mike had Abby before their house was built I'd hang out on the porch with him and Wanda just chatting until Carol got home or when the Aunts came down & there'd be 2 tables w heated rounds of Trivial Pursuit & Spoons in the kitchen, laughing harder than I ever have. Carol & I would bust on him on the rare occasion he didn't know an answer that he'd have to query it. A grand victory it was to bust on David and live to tell about it! I am grateful for these memories and to have known him. My condolences to Rachel, his two beautiful children and the entire Quinn family. He will be missed.

“ I met David when I joined an AWS engagement he was running. David was a great colleague - polite, funny, direct with the customer when necessary, and we knew he always had our back. He and I both pushed for bringing in early-career people onto the team - we loved the enthusiasm and energy they brought, compared to us grizzled veterans, and those younger team members have since reached out to mention how encouraging David was, and how supported they felt.

Over our months together, in asides, we learned about how much he loved his family, the beach vacation in the summer and skiing in the winter, and Fri evening get-togethers with friends and family in his wonderful backyard.

My sincere condolences to his family. David will be missed as a wonderful colleague, friend, and caring human being.

“ David was our incredible neighbor for many years, and caring, protective friend that was the source of many smiles and laughs on family holidays, Friday pizza nights, or a random Sunday afternoon. We will forever cherish memories of David joking around, or waves passing his house on the way to the bus stop and walks home. We will always remember the funny Paul/David hugs, the Mr. David suggestion box, and my kids screaming “hi baby David!” when they were little.

Recently with the closing of Merrifield garden center, David asked my husband Paul, “Where will we shop?” He had an endearing sense of humor, and a smart, pragmatic life view. He will live on in countless stories and I’m so sad he is no longer here. He will be missed!!

“ David and I started at AWS around the same time back in 2020 and went through our official "Check Ride" process together, so he was one of the first people that I met in our team that I could share experiences with. I enjoyed our conversations and appreciated the continual collaboration over years. He was a great colleague to have, and I am grateful to have known him and having him as someone to confide in. He will be missed. His loss is heartbreaking, and I have the deepest sympathies for the family. I hope you find some comfort in fond memories and the knowledge of how much he was appreciated.

“ I met David when I joined an engagement he was managing at AWS, shortly after I first joined the company over 4 years ago. Right away I enjoyed working with David. He was professional, engaging, and witty. He really has his team's back. Over the past 4 years I remained on the same contract, and worked with David on a daily basis. So much so that my wife recognized his voice every time I had our meeting on speaker. I got to know him. I learned that David loved his family and worked hard to provide for his children. I learned that he loved to take his family to the Outer Banks for vacations. David was also great at catching random references / quotes from 80's/90s movies; something I could count on him "getting" if I dropped one in our group chats. I miss ya already. My wife and I are keeping David's family in our prayers. And Rather than saying "Goodbye," I'll say "See you Later."

“ *I met David on my very first day at AWS, and over the last three years, he was such an amazing colleague and friend. He was always there when I needed help or guidance! David was exceptional at his job and helped so many of us grow. The way his face lit up talking about his kids always made me smile. We're really going to miss him and our chats. “ When I started at AWS, David took me under his wing. He helped me learn how to be a professional in the organization and navigate the culture, even though we were remote in Covid. After finally meeting over a year later in 2021, it felt like we were old friends. We remained confidants my 5 years with AWS. My thoughts and prayers are with his family. He talked about them often. Gone significantly too soon.

“ David wasn't just someone I worked with - he was a true friend who always had my back. Whenever I needed help with a tough project or just needed someone to bounce ideas off of, he was right there, ready to help without hesitation.

Even though we hadn't worked together on the same team these past 2-3 months, we spent years side by side on the same team, and I got to see firsthand just how amazing he was at what he did. He put his whole heart into his work.

Rest easy, my friend - you will be missed terribly!
