“ Pat and Patricia,

When I first started at Gordon, Debbie was a little intimidating to me, but as time went on I knew that I could count on her for everything we worked on together. I didn't know Debbie outside of the office, but what I do know is that she was a really great person.

I'm really sorry for your loss - hopefully others are able to donate to the American Cancer society in her honor.

“ God bless you Pat and Patricia. I pray He gives you comfort, also Henry, Connie, Bridget, and family. 💕
Debbie was my very first friend almost 60 years ago, and we did everything together. Night overs, vacations, cheerleading, same schools. Our friends changed a bit and then she moved east. She always missed the beach and visited when she could. Patricia was born in between my two kids. She had the best smile ever and a caring heart. She always came up with the best old photos too. So many memories Deb!
There must be a great Thunderbird block party forming there....Love you 💕

“ I remember the first time I met Debbie. She was early for her first day in accounting. She was very talkative, and I think she was a little nervous. I was surprised that we had the same birthday. I liked her immediately.

*Patricia & Pat,
I am very sorry for your loss. Even though we only worked together, I considered Debbie a friend.*
