“ I had the privilege of attending church with Debby and Buddy many years ago. Debby was truly a godly woman and now she is home with her Saviour. My deepest sympathies are extended to Buddy and the family. May the Lord comfort you during this time of great loss.

“ I have a lot of memories of Debby but most of them are from the first part of her life. We shared a bed room, growing up and did a lot of sisterly silly things like stuffing my footie pj's with dirty clothes and I tried to walk, talking and giggling until my mom hung a belt on the door to make us be quiet, and during Debby's teenage years, playing tug-o-war with her jeans so she could put them on but they would still be skin tight. I loved my sister very much and will miss any phone calls we could have had. Hug Jesus for me sis!

“ I had the great privilege of being Debby’s supervisor at NRB for the past 6 years. Debby always had a great attitude and never complained. I could always count on her to fulfill tasks assigned to her with excellence. She had a joyful spirit that honored and glorified the Lord.

*Buddy, you will continue to be in our prayers as we realize you will be greatly missing Debby.*

“ I met Debby in church over 15 years ago. We shared a room at a women’s retreat and became fast friends. Debby was truly a sister to me in every sense of the word. I have many fond memories. I loved her laugh. One of my fondest memories is of her laughing hysterically during a "human wave" we were in at a business conference. Every single time the wave came to us, she completely "lost herself" in laughter. It was a joy to see. I will sorely miss my dear friend and will rejoice the day I see her lovely face and receive one of her genuine hugs again.

“ Hi Deb,

*I remember when we were little that we would play games, board games and played with Mom and sing songs like "This Old Man". I remember when Sherry was about a year old we played "Peek-a-boo" with her as she looked at us over her crib. That was a lot of fun and laughter. I remember watching Saturday morning cartoons, and Oh yes, we sometimes fought about what we wanted to watch. I remember the trips we took to the mountains like Lake Tahoe and Taylors Lake, especially trips to Bodega Bay which will always hold a special time to us. I remember as we got older we had friends in common and you had quite a few boyfriends. Also after high school when you volunteered at William Land Park Zoo and we got to see "behind the scenes". Time went by and we went our separate ways and moved to different states, got marries, etc. In the last year we have been exchanging letters and I have always looked forward to your next one. We have shared more with the letters than what we have before. I will miss getting letters from you and this will be my last one to write to you. I praise God that you got to spend time with Mon and Dad last October, including a visit to Bodega Bay (sadly, for the last time, too).*

*So goodbye my dear sister. I look forward to the day we all spend eternity with Jesus.*

*Your brother always, and with love,  
Rick*
