“ My family met Dennis many years ago when we were neighbors in Manassas. He didnt know any strangers cause he could and would talk to anybody. He was a very giving and caring man. My husband, Curtis and I saw him a few months ago in Warrenton and he was talking about coming down and going fishing. I guess he's fishing with the big man upstairs now. All our love and prayers go out to Linda and the family. He will be missed. God Blessed us when he brought him into our lives

“ I still don't believe that this is real and I will never see you again! Please help us all get through this. Life will be so different without you here to entertain us all with you crazy outfits and hats, singing and dancing and phone calls and messages you left. Im so happy my kids all got to meet and love you but so sad you were taken from them so soon. Heaven must have needed a little fun added.....and thats why you were chosen. Lord knows you drove me crazy at times.....being late to everything and taking nothing serious but I sure did love you. I wish now I would have took a little more time to enjoy all of the fun you had in life and not take things so serious all the time. You surely will be missed by so many people! Save a place for me cause I can wait to see you again oneday! I love you Dad.

“ Denny, you were there for me and Mike when we needed you most. I will always remember the love you showed us, your love for life, your family and your music. I still hear you telling Mike, "Love you brother." Now you get to tell him in person. God bless.
