“ Dear Dad, Words cannot describe the feelings I have. One feeling that has always been certain is that I Loved you with all my heart. I told you before you many times through the recent years and when you went to sleep that I knew without a single doubt that you loved me as much as father could. I believe we both are at peace knowing that fact. I will always cherish the things you did with me as a kid and as an adult. I will never forget going to the tressle and to JFK Airport to witness the Concordes first flights. We rode around to so many places through the years and those things I will never forget. I will treasure the joys as well as the sorrows as they are a part of what made us have the everlasting bond that a father & son should have. You were a good father and I was fortunate to be your son. I will always carry your love and wisdom in my heart for the rest of my days. And I will pass that love onto your beloved Grandchildren.

“ *My prayers go out to the family. I pray that each of you take this time to reflect on all of the joyous times that you had together.*

Mr. Parkins was a joy to work with when he was at Metz. He worked hard as an employee and as a father. I am glad to have had the opportunity to have worked with him. He valued family and was so proud of his boys.

“ *Daddy, You often said at times when you looked me you could still see that little boy.*

When I close my eyes I see you as a younger man so full of life and love. You shared everything a Daddy could with his boy.

Through the years I told you all the things I remembered. Those visions have become clearer. As I said before I will always treasure every moment we had together.

Because you are a part of me I will always have part of you in your sons and your beautiful granddaughters. So you are always with me in body and spirit.
