“ *Diane always had a smile on her face and ALWAYS made my day. If I was having a bad day, Diane always brightened it up with her smile. Diane never knew I was having a bad day or if anything was going on with me, but for some reason she always said something that made me feel better. It was if God had placed her in my presence at the exact time I needed her. Diane was truly a beautiful person. It is going to be very hard not seeing her beautiful face at work and in our meetings. I will truly miss you Diane!*

“ *I've known and worked with Diane for several years. She was always so kind and helpful towards me. Always asking how I was doing. A few weeks ago, I was planning a large training event for the ABM EVS staff. It was going to take place on a Saturday. I wasn't quite sure how to set up the audio/video equipment in the conference room. Diane gave me her number and told me to call her and she'd come in on her own time to ensure I had what I needed. Wow! Diane was dedicated and a true friend. I said a prayer for her and her family. God bless you all.*

“ I had the pleasure of working with Diane for several years at Tysons. Diane was always pleasant and helpful. When I was having trouble getting through to some people in different clinical areas, Diane gave me her "secret list" to all backline phone numbers. I use that list often. I am so stunned and saddened by Diane's passing. I have no doubt she is with the angels. I will remember her in my prayers.

I meet Diane about a year and a half ago. I was taken by her spirit to help and to comfort. She made my days easier at work, and encouraged me whenever I was doubting myself. I was shocked and saddened by her passing. May she rest well. My condolences to her family.
