“ *To the family of Marie,*

Our deepest sympathy goes out to all of you at this time of your loss. Marie truly was a gentle and kind person. I have had the pleasure of knowing her through cutting her hair. I have always enjoyed the time I spent with her and the friendly exchanges we made. She was a very positive and light hearted person. We laughed many times about the situations that life brings and it seemed that she never had a bad attitude about anything or anyone. I admire her very much and will miss her and her cheery disposition.

Our thoughts and prayers are with all of you .

God Bless

“ Aunt Marie never gave me any advice. She didn't talk much to me about anything, leaving whatever we said to each other a routine exchange between grown-up and child. But all that time we weren't particularly saying much, I was noticing her, noticing the quiet, poised woman who looked interested in other people and seemed kind to them. At some point I realized she was more than the mother of cousins close to my age and fun to play with; she was special in her own right, and the poise, the kindness and the being interested, listening to everyone, had a lot to do with it. Somehow it seems important to have seen someone stay so dignified, interested and quietly friendly through ordinary situations, someone in day-to-day circumstances making it easy to think she was the sort of person the world needs more of. I never said any of this to her and basically “lost touch,” but I remember her well and hope, in spite of the evidence from having let myself get out of touch, that I have taken some influence from the example she set.

Best girlfriend to girlfriend relationships are so precious. It fills a need within us that all other relationship lack. This is my relationship with Marie. It is interesting that my most cherished memories of Marie are silly ones that we have laughed over many times during the years. I will miss her but am so thankful to Donna, Larry and Les for making her life so pleasant. Love you all. Martha
