“ I have fond memories of working with Dolores at Centreville HS and when we started the Gamma Epsilon Chapter of Alpha Delta Kappa. Dolores offered to become our first chapter president since she was retiring at the end of the school year. She said “I will have more time to figure out what to do!” Our chapter was chartered at a state convention. The same evening of our chartering ceremony Dolores and I had to go to a meeting. Our chapter was called on but neither of us knew the name of our chapter to answer! We laughed about that for years. Dolores was a fantastic host of our meetings - we loved going to her house, seeing the special way she set up things, and having the yummy food she prepared. Her P Buckley Moss collection was amazing and a neat connection since PBM is an honorary Alpha Delta Kappa member. I truly loved running into Dolores and getting one of her million dollar smiles where her entire face lit up. Her laugh was infectious. More than anything I was blessed to call her sister and friend.

“ Dena, I am so sorry for your loss. Yet I am so inspired by the love, care, concern, compassion, and attentiveness that you demonstrated to your parents in their last days. You handled every hurdle with such grace, and I know firsthand that was certainly not easy. Even though I did not know your parents personally, I know that they were bright shining lights in this world, simply by knowing you. My thoughts and prayers are with you during this difficult time.
