“ I'm so glad that I had the opportunity to talk with Mike just before his passing. We had a great conversation and I'm thankful that he and I had heart to heart regarding the reality of his illness - Cliff Campbell

“ Say not in grief "he is no more" but live in thankfulness "that he was!" Mike has touched so many hearts and souls of folks over the years that hearing of his passing is definitely a loss. Memories of hunting out back of my parent's property to chopping down trees to clear his. He was always there to lend a hand, make you smile or just to keep you company. Thank you for loving my family, it was an honor and a pleasure knowing you! - Cliff and Deb Campbell

“ No better friend did I or my Father have than Mike Vicari. We were all war veterans who served in combat roles and I will always remember the times when I rode up to the Martinsburg VA Medical Center in West Virginia in Mike's new Dodge Charger. He really loved the car and I will always remember those good times we shared and talked about. Rest in Peace my friend. -Wes Caton, Vietnam Veteran and close friend.

“Dad I just want to tell you that I miss you very much and that I love you very much. I want you to know that you will always be in my heart and memories forever. I will never forget how much you a hero to me, I always looked up to you and admired you and wished that someday when I grew old that I could be at least half the man you were. You always a rough and tough kind of guy that had a tender spot in your heart for your kids. I will never forget the many memories I have of you growing up from going fishing with you in the johnboat and being so excited about you letting me just drive the boat as long as I didn't make a noise and scare the fish away. You taught me so many things as I grew up from a little boy into being a man. You always shared your advice to me with your best intentions meant for my wellbeing. I know I frustrated you sometimes with me being a young boy growing into a young man thinking I knew everything, but I do want to thank you for your firm but gentle guidance to make sure that I didn't screw up too bad, even though I did many times, you were always there for me , with a shoulder to lean on and a ear to talk to. THANK YOU DAD !!! I really can't believe that you aren't here anymore and I know in time that the hurt and pain will stop but my memories will last til I see you again in heaven . I hope God has allowed you to fish the great fishing hole in heaven and hunt the beautiful fields there too . I know you are looking down at us right now and thinking that how can't you tell us about that big citation bass that you just caught or that prize size deer you just got. I LOVE YOU DAD and I will see you again someday. You were a great dad to me , just wanted you to know that Bye dad , I will see you in my dreams
