“ I read Dorothy's obituary with a feeling of loss even though I did not know her personally. My late husband, "Mac" Brooks knew some of you Brooks cousins, especially Pete, and I am acquainted with Marie. I am sad that we unfortunately do not keep in touch with distant family members but want you to know that I feel the loss of a family member and pray that God grant you peace and understanding as you remember and celebrate her life. Unfortunately, I need to be out of the area and cannot attend the service, but wanted you to know I care.

“ Please know that our thoughts and prayers are with you, and we send you our love.

What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch. We may not understand why Dorothy left this earth so soon, or why she left before we were ready to say good-bye, but little by little, we begin to remember not just that she died, but that she lived. And that her life gave us memories too beautiful to forget.

There are no words that can take the hurt and emptiness away, but hopefully, you can find comfort in knowing that she is in a better place, and her pain and suffering has ended.

"Death leaves a heartache no one can heal. Love leaves a memory no one can steal". (unknown)

God Bless you!
