“ *I miss you mom. I think about you everyday and wish you were still here. There are so many things I would love to sit and talk to you about - everyday I think of something I wish I could ask you - there is always something I remember and wish I could share the thought with you.....I love you - I never told you when you were here how much I really appreciated everything you ever did for me - you gave me a happy childhood - if I could have a do over and live my life again - I would have stayed with you and never left home -*
