

## Dwaine Marshall Thomas

January 17, 1944 - May 17, 2026

Dwaine Thomas, 82, of Aldie, Virginia, passed away on May 17, 2026. Dwaine grew up in Fort Worth, Texas, where he played many sports, especially his longtime favorite, tennis. He attended Texas Christian University before earning his Ph.D. in physical chemistry from the University of Maryland. It was there that he met his future wife, Irene. They traveled together before returning to Fort Worth, where they raised their two children. He spent most of his career as an analytical chemist at Alcon Laboratories.

Outside of work, Dwaine embraced the world with enthusiasm. He took his family traveling throughout the United States and Greece. He enjoyed sunny beaches, key lime pie, and a warm Bougatsa or Galaktoboureko. He was an avid photographer, a fan of spy and western films, and a classical music enthusiast. He shared his passion for manual transmission cars by teaching his whole family.

Dwaine will be remembered for his gentle humor, the playful jungle gyms he built, his interest in Greek church and culture, and the quiet, steady support he offered his family — helping in the garden, fixing what needed fixing, and encouraging every dream, from piano to computers. He leaves behind a family who loved him deeply.
