“ If anything I need the help The Denver family don't need anything. In fact I believe Anthony Denver is behind my mom's death . I mean why would they wait until 2pm to check on her when she goes to work at 8am . I'm Gabriel Fisher the only real relative besides my aunt's and grandma. Denvers don't deserve anything it's there fault she did drugs because of my step dad . I couldn't even call him a father he wanted kids with her how can you have kids when you can't take care of me. And also before she died she was at her twins house having the best time of her life and she said she was going to get a divorce and come and get me from where I am. And if she did that Anthony would not be getting the money he gets every week or month or whatever. I miss her every day I have to listen to hate music like rap now because the music I used to listen to is a old memory with her . I won't say anything about the fact I believe if she did overdose did any one check for finger prints on anything or did they just assume she did . If I Sall my step dad or should I say wanna be father I was there 1 year ago how can he maintain a straight face when I say do you miss her . Honestly her death was in vain no one will remember her she is dead . Apparently money is everything without money Anthony and Darlene and Danny wouldn't be in they're house . Sleep well mom I'll see you some day when my day comes Anthony should be in jail . He abused me and my mom u was to scared to come forward and say so and when I did no one believed me . The believe parents more then children This is why cops are corrupt they should not be around to say and do what they do. That black man who passed away when the cop play his knee on his neck that was uncalled for. Anthony deserves a death sentence for what he did to me and my family he doesn't deserve a second chance he is only sober from alcohol because she is gone but it's too late he wasted his time drinking his sorrows away. Rest in peace mom it's not like anybody is ever going to remember you to others you might be a friend a sister a mother a daughter. To me you're my hero the legend no one talks about the one who got away the one who can survive the impossible. Love you Mom from Gabe.
