“ I met Eva about 11 years ago from dating her son Gary. Eva made me feel welcome from the moment I met her she has the biggest heart and treated me like family from the start. She let us stay with her and made me feel at home. I will remember her laugh and smile and how much she loves Jesus Christ. I am going to miss our talks and going out to dinner with the family. Eva loved her children so much and taught all of them to love like Jesus because every single one of them have always treated me with love kindness and respect. I will be forever grateful to have known Momma Eva and will miss her so much. Rest in peace and my condolences to all of her loved ones 🙏💜

“ Hey mom , I still can't believe what I just witnessed. I love you more than words can say. You became my baby girl and I will forever be grateful for the times we spent together and all the dinners we went out for . It's been a year since you actually walked alone and I missed that so much . But you are dancing in the sky and looking down on us. I know you are happy with dad and all the family we have lost over the years.
