“ *I don't know why every memory I have of Aunt Flo is her looking at Bruce and Me (and sometimes Uncle CB) after we did something or said something we shouldn't have. Her look was one part "what am I going to do with you two", one part "why would you do that?", and one part amused. I have some great happy memories growing up and she was a big part of that. Who else would let 6 years old drink champagne and play cards on New Years eve!!!*
