“ *Moore family,*

Although no words can really help to ease the pain or loss you bear, just know that you are all very close in every thought and prayer. There are so many fond memories of when we were kids, hanging out with Archie and MaryAnn at Aunt Mary's house. I remember Sonny being there too, but a bit older than us. Our prayers and thoughts are with you all during this horrible time. He will always be remembered.

From our family to yours, our love and deepest sympathy.

“ To Nancy and all of the Moore family, Nessa and I and our families have you in our thoughts and prayers. Archie's sudden passing has been a huge loss to us all.

What a great guy. Whether he was giving advice or helping you out with a job at home, chatting with a beer over a bonfire you always appreciated how straight forward, honest and earnest he was.

What a great neighbor.

They say you can pick your friends, but not your family. That's true, but you can't pick your neighbors either. That's why we were so lucky to be the Moore's neighbor. More than once we've come home to find our lawn mowed. He just mowed. He had the time and we were neighbors.

We will all miss him

“ Brother Archie.....Lord Have Mercy! This planet is now less better with your departure and Heaven is surely much better now they have you there. Every time we spoke over all the years, we always told each other we loved each other. That takes a real man. That is who Archie was from the very first time I met him. All my life we shared a special saying that came about with him working out here in Cali, when he was in the USMC. "MEASUREMENTO!!" Archie would call that out while waiting to make a cut, and most of us also knew, it meant he measured us and loved us all as who we were. Archie never had a mean bone in him. He taught me that this life is about providing for your family, being true to your friends, and true to your self. I will miss our monthly calls, the voicemails of "MEASUREMENTO!!" messages. But I am selfish that way, and Archie would straighten me out on that too.....I will surely miss you brother. I can only hope to be like you. Love ya man!

“ Archie was a great man who was hard working and loving. He would do anything for his family and friends or anybody that needed help. I will never forget him and how he always treated me like a daughter. There are so many great memories with him and my heart is broken. I will never forget his smile, laugh, sense of humor and how much he loved his family. We were all so lucky to have him in our lives and he will be truly missed.

“ This news is still a complete and painful shock to me and to us all. I always looked up to you ,Archie, as a strong, kind, and loving man. You valued family, hard work, and loyalty. They truly don't make them like you anymore. I didn't get to spend nearly enough time with you, but the time I did get to, your love for me and all of your family was strongly felt. I love you, I'll miss you, and I know you'll be watching over and guiding us all from Heaven.

“ Archie was always so good to me. He was always encouraging and never said a bad word to me. He was always so kind and supportive and yes, so very wise. He had such a great sense of humor and was just one of those people that everyone will miss so much. I am still in shock about this and so, so sad. He was a great carpenter but also there was such an artist in Archie that wanted to come out, that needed to have the money to come out. He had big shoulders and many people's lives are better because of him. I know he taught me a lot and will always be in my thoughts. Rest in Peace, my friend.

“ Life will not be the same without Uncle Archie here. Most of all I will miss his laugh. He was such a loving , sweet man. I have many great memories of him. The ones that stand out the most are him and Aunt Nanny taking us sleding everytime it snowed. I can remember being so excited when I would see him pull up in the drive way. He would take us to the battle field. I also remember going with him and Gary for a ride somewhere(not sure where we were going) but we stopped at a country store and he got us some snacks and then we passed this little creek and He turned the car around and went back and we fished. I don't remember catching anything but I remember feeling so safe and peaceful riding in that truck with him. The last time wen saw each other was in June for Gary's Birthday party and he was playing with Layla and he sat with her in the house while she slept. She really loved him and would laugh when he would talk to her. He was such a good man who worked up untill the day he passed. I had alot of good times with him and he forever be missed. I am still in shock that he is gone. Our family has suffered so many losses in the past few years. I am praying for all of my cousins and my Aunt. Life will never be the same and I know the pain you all are feeling right now. I can't say it gets easier with time, you just get used to living with the pain and void in your life. But you have the hope that you will see them again one day. just know that he will be with each one of you, watching over you, guiding you everyday. He will be there when Gary and Ashley's baby is born, and when his granddaughter's get married...just in a different way. He will be missed so much. Rest easy Uncle Archie, I love you!!

“ PeePaw,

Everyday is going to be hard for all of us I have never been like this in my life it's like my tears have an on/off switch. I love you more than words can describe and I miss you so much in fact I miss everything about you. Your pickled eggs, us watching tv and eating moms food, our memorable fishing trips, my favorite was the time you started dancing to tootsie roll and I got it on video. You looked so happy we were all so happy laughing enjoy life , and your one of a kind hugs and kisses on my cheeks I will miss most. Your hugs made me feel like nothing else in the world mattered at that exact moment it made me feel loved to infinity and beyond it made me feel our special bond wouldn't ever be broken. On October 29th I whispered in your ear when I saw you at rest I said I love you Nonna loves you and Ashley loves you and I said thank you so much for being the best grandpa ever. I really hope you heard me and saw me. It's time to put down the screwdrivers and drills and fish and watch nascar all you want. Once in a while don't be afraid to give me the hug the days I cry the nights I can't sleep because I'll be thinking of you. Oh and PeePaw when I die I hope you teach me how to fly cause all my life you will be my angle in the sky. I love you always have always will!❤️

“ Uncle Archie has a place in my heart forever. He did so much with me as a child. I will forever cherish the memories I have for him and always remember his loving and fun personality. He sure knew how to have a good time and truly enjoyed life. The loss of him is going to be a void that can not be filled and I pray for my cousins and aunt that have to learn to live life without him physically here. I love you all and I am here to help anyway I can. Give my mom and dad a hug for me because I know you are all having a big ole party in heaven.

“ As I sit here crying all I can hear is your voice trying me "chrissy, darling don't cry baby girl" and the first memory that comes to mind is that road trip you and I took going back to parris island a couple of years ago. You was so nervous with my driving I swear you say up the whole 7 years. I'm so glad you didn't so no and we was able to share those laughs and talks for those glorious and amazing 4 days. I'm so blessed that you was able to share thatwith your granddaughters who love you so much. I Love you daddy and you can rest now. Lay that hammer down, kick up your feet and enjoy some NASCAR.
