“ *Georgie was one of a kind and I will never forget when I first met her. She was a firecracker. I will always remember you.*

“ *My mother may have only had a 7th grade education. But she was an educator herself. She grew, saw learned and lived everything she knew. She taught and loved her children, grandchildren, great grandchildren and surrounding family and friends. I remember her saying this is how I was taught or how I was shown and now I'm going to show you....it may not be the way everyone else does it but it will get it done and that's what matters.*

*When she got mad..LOOK OUT whoever was in the way got it good!*

*She would do anything for anyone.  
She always kept us laughing.*

*One thing is for sure if you played rummy with her..you didn't stand a chance, she held every card if you were playing partners it was rough!*

*When we were growing up all the kids liked to come to our house because our parents were cool, they all loved mom's biscuits and gravy.*

“ Back in the 80's We would take spontaneous road trips..We would just leave a note for Dennis and Dad and we were GONE!

*She always wanted to stop and get KFC.*

*She treated everyone equally..each and every child was loved with everything she had!*

*I had some fun times with her. For example on a visit to the doctor in Winchester we took the wrong exit and ended up in West Va. Mom said well what are we gonna do? I said well look we are near Charlestown- and she said "You can't take it with you" so we went to the Casino and had a great time.*

*We are so much alike that we constantly have little spit spats..on that same trip earlier in the day she was rambling on about something crazy and I told her woman..we are getting along don't piss me off and she said ok...I'm sorry I'll behave. And then we laughed.*

*She was quick tempered, she said exactly what she thought and didn't think twice about putting you in your place. But we loved her no matter what!*

*Thank you for everything you taught me mom! I know that you are with Jesus along with a few others we've lost along the way laughing and having a good old time.*

*Mom...I know that you are looking down and saying Don't worry...i'm home, I'm okay.*

*Mommy rest....I will miss you but I will keep our memories close to bring me comfort. Thank you so much for all of them!*

“Granny I hope you know now how important you were to Jacob and I and how much we love you. I cherish all the memories and am thankful for the time we got to spend together. The last couple years we got to spend alot more time together with me living closer and I enjoyed every moment of it.

*I'll miss our lunches at Frost Diner and Country cooking! I'll miss our talks and your phone calls at 10pm for some yogurt..I secretly know you just missed me :)*

*I'll miss your phone calls to say "are you mad at me" if I didn't call you every other day.*

*I'm sorry I couldn't slow down and walk slower I wish I would have just to have more time walking with you.*

*I could go on forever and still not explain how much I love you.*

*I miss you more than words can explain. I guess two stubborn women can get along huh?*

*I will never forget you and I will always make sure you are alive and in our hearts!*

*Love you!*
