“ My whole life as a young child was growing up with the Benson family. Your father was my dad's best friend and there were so many stories about their friendship and gatherings with you all for holidays and get together. Both your parents gave me the opportunity to have the family away from home I didn't have when I was younger. So so many memories.  
Your father was amazing at his age and I can only hope I can be half the person he was if I make it that far.  
He had unconditional love to give and he also received it from his family.  
My love and thoughts are with you all through this loss.
