“ Working with Harold was the best time for me at FFCU. Once he saw that I could take his jokes and pranks, it was just a party for us going forward. Harold was such a light and he always knew how to make me laugh. I missed him when he moved away, work was never the same without him. Thank you Howie for all the happy memories.

“ I had known Harold as a member of the Credit Union before he came to work for First Financial CU. He was always a nice guy. We did have fun at football season with him a Cowboys fan & me a Steelers fan.

And when Megan came to work at FFCU on the teller line with me for a few years, we had fun & became long time friends. I remember the last time I saw both Harold & Megan when they came in town a few years ago. Though Harold wasn't doing too good that day--it was how Megan took care of her dad & the love she had for him, that I will always remember.

He will always be looking down on you with pride & love. You were a good daughter to him.

Megan, my thoughts & prayers are with you & your family always.

Take care, my friend.

Love,

“ *Megan, I remember meeting Harold the weekend of your wedding. I remember his humor and teasing! But I'll never forget seeing him walk you down the isle at the rehearsal wearing a dallas cowboys shirt knowing that I was a huge Redskin's fan!! What a smile he had in his face knowing that at that moment I couldn't say a thing.*
