“ Harry was a patient man who took time to do thing's right, I spent some time watching him work on the T bucket body when he first started. I had lot's of questions & he answered every one. Showed me how & why things were done the way they he did them. I will never forget those times. Same way he loved Joan & his family.He will be sorely missed " Go Rest High On That Mountain " Uncle Harry Billy & Andrea Hensley
