“ God looked around his garden  
And He found an empty place.  
And then He looked down upon the earth,  
And saw your tired face.  
He put His arms around you,  
And lifted you to rest.  
God’s garden must be beautiful,  
He always takes the best.  
He knew that you were suffering,  
He knew you were in pain,  
He knew that you would never  
Get well on earth again.  
He saw the road was getting rough,  
And the hills were hard to climb,  
So He closed your weary eyelids,  
And whispered “Peace be thine.”  
It broke our hearts to lose you.  
But you didn’t go alone,  
For part of us went with you,  
The day God called you home.

*I have been in and out of Hazels life since I was a child. She was like a second mother to me. Like many of you she has touched our hearts in so many ways that it would take me forever to write it into words. I will always cherish the times I have spent with her and the countless times I have thought of her threw the years as well as the many tears I have shed over her passing. Hazel left behind the most beautiful family one woman could ever have and I must add a beautiful and caring daughter Jo for her many selfless hours and dedication of love for her mother threw the hardest times any family should go threw. my prayers to the whole family that Threw God may they find the comfort to move on with life and smile and know that Hazel will always be with you all and just a prayer away for you all till the day you reunite again. Love you Hazel and till I see you again. RIP*

“ Granny for me was the most caring and kind hearted person we all will ever know. She would at the drop of a hat go anywhere at anytime you wanted to, and if she didn't want to she would not dream of letting you know it. I drive across the Lake Anna bridge almost daily and can see her walking the shore line of the lake and passing by in all the boats. I have only fond memories of her and she is what a grandma really is, caring for others and putting everyone else before her. I will really miss her and all the memorable times she shared with me and my family. I have a tree in my back yard that she and I managed to transplant that has grown and every year when it blooms I think of her and I getting it together. There are countless times we shared and all have been great as Granny wouldn't have it any other way. When she left us it placed a void in our hearts but I know she is in a much better place than we know here as she is with our Lord. I am not one for lengthy speeches but my Granny deserves this and more. I am thankful she has touched my kids life and they have grown to love her and will miss her even so. Granny until we meet again on the other side someday we all love and miss you very much.  
Love, Duane, Terri, Daniel, Dakota and Jenna

“ Mom, you was the best mom that any person could have! I miss you so much already! You was my mother, my best friend and I don't know how I'm going to get along without having you with me, but atleast I know your not in pain or suffering anymore, I know that you are my angel watching over me. You took a piece of my heart with you, I love you mom! RIP!!!

“ One of many memories that I always think about is when I was a kid, Granny would always take me to the public pool and we both enjoyed the time together (well until I would dive in the kid pool and scare the daylight out of her). I can still hear her voice today. "Oh God Jo, he is gonna split his head open." After hours of swimming, she would take me back to her apartment and make me the best lunch and fix me up a good spot for a nap. It's the little things with her that I will treasure for the rest of my life! I love you so much Granny! RIP!!! -Lee Thomas
