I first met Jackie when she was about 3 years old, the Beatles were popular then and if asked Jackie would sing her 3 year old version of “I want to hold your hand” we all loved Jackie very much. She was a sweet and lovely child that grew into a very beautiful and pleasant young woman. She will be sadly missed by all who knew and loved her. God bless. Bennie and Catherine Brakefield

Rest in peace, beautiful angel. You taught me what true friendship is. Ernie, she loves you so very much, although her physical body is not with us, her spirit and precious memories are ours forever. So many happy memories. God bless you all.

“ *My memories of Jackie are many through the years. Her dancing at the Christmas parties, her smile, especially when things weren't going well and her thoughtfulness. Jackie knew I was a diehard Red Sox fan, so when she went on a tour of Fenway several years ago, she brought me back a water color of Fenway & a lanyard. She also smiled as she gave them to me, because she went to Fenway before I ever did!*

Ernie, no words can ever express your loss, but you truly loved Jackie, thank you for taking such good care of her.

Jackie may your days be filled with music and dancing. You will be missed, thank you for being a special part of our lives.

“ Jack-O-Lina,
We always had a lot of fun. Except when I had to help you move so many times! ;-) We always laughed and teased each other. When we were kids, you were always such a good sport about letting me practice my wrestling moves on you. Miss you so much.
I Love You!

“ *I worked with Jackie for just under five years and for the whole time she always made me feel like I was someone she always enjoyed working with. I always looked forward to her stopping by my office and stopping in and saying hi making my day bright. I will miss not having her in my life there will be a void.*

“ *She had a pure heart...one of the kindest people I knew. As a kid, i remember looking up to her as my older cousin. When we'd go to Luray with Linda and Colleen, she and I would talk non stop in the car and stay up late instead of falling asleep. I could talk to her about anything. Remembering her beauty makes my heart less heavy.*
