The above pictures are of the X-Air Jim built starting in 2005. He sold it to me in 2014. Jim was always very helpful with many little issues that would pop up after I had bought it. Definitely loved flying.

“ *Most older people never think they'll establish friendships like in younger days, but 25 years ago Jim and I found a common bound in our love of building and flying our own aircraft, the sharpshooter/ shooting sport and hunting in the great outdoors. Many wonderful memories Jim.*
