“ *Dear Jim,
I was so shocked to hear about your passing. Julie and I were talking about you and all the crazy times. You were a huge part of our childhood. My all time favorite was when you had that green Dodge Dart you lived over in the clover hill area in Manassas in that old farmhouse. We we're driving you crazy (imagine that lol) it was still a little chill and we asked to wash your car you said yes ! Lol the only thing we knew to clean with was comet we got rags and cleaned your whole car with cold water and comet. Your face when you seen what we did was priceless. It was the most quietest ride home ever. You drove us all the way cross town with comet all over your car. Lol thank you Jim for some amazing childhood memories.
Love you

“ Jimmy. What sad news to hear of your passing. I met you in the 89s through Rick, Karen and Kurt. We had so much fun spending time together at the gellners, at the property around the campfires, playing guitars and good times together. Those were the best times of my life and I will always remember you fondly. Until we meet again, I will pray for you and your family. Love, cookie.
