“ My greatest sympathies to Jim's Family. I remember Jim when we all first started work at EDS in the mid 80's. Those memories and times I cherish as some the most fun and carefree in my life. Jim will always remain a part of that.

“ My sincere condolences to Jim's family. Jim and I were both Oracle employees assigned to different contracts at DOJ a few years back. We met again when he was assigned at a Forest Service project. He was always generous to offer his help. We certainly miss him.

“ *From the Infra Development team in Rosslyn.*

We only worked with Jim for a few months last summer but we thoroughly enjoyed the experience. His dedication and hard work got us through some tough times with our Oracle databases.

We all miss him.
