“ I am so sorry for your loss.

We remember our first year on the dock and just how helpful Jim and Sue were. We also enjoyed Jim singing along with the old songs when we had music on our boat.

He will be missed on G dock.

“ Jim was great, I wish I could have known him better. The few conversations we had were great. There was so much more we could have talked about. I'm glad he is not suffering anymore. You are welcome to drop in anytime. I will keep some Canadian whisky on hand for those days to come. Take care and see you soon...
